

Double spider for glass CC-759 and CC-760

CC-759 AND CC-760 DOUBLE SPIDER SET FOR GLASS

Material: Cast stainless steel.

Quality: AISI 316

Finish: Gloss (consult satin finish)

Description: This double spider bracket assembly is used to connect one or multiple glass panels to a structural end post. It comes with two through connectors, for lateral glass mounting with flat support the CC-790 is used and for curved support the CC-760 with a \varnothing 16 hole that accepts glass thicknesses from (6 to 17.52). Fixing to post with screw (included) and to fenders with ALLEN grub screw (included). Designed for sections with or without inclination.

This system creates the effect of floating glass and is an alternative to glass clamps.
