

Adjustable handle ERZ.SST / ERZ.SST-P Male and female

Especially indicated in maneuvers where the angle of rotation of the lever is limited for reasons of space.

The slightly arched shape of the handle, with a thickened ergonomic end, offers a comfortable and secure grip to the operator's hand while the thumb finds a natural rest on the button.

Image not found or type unknown

ERZ.SST adjustable handle

- Lever body made of special technopolymer, reinforced with fiberglass, black, matte finish. Resistant to solvents, oils, greases and other chemical agents.
- AISI-303 stainless steel fixing element with threaded and serrated hole for coupling with the lever body. Number of teeth indicated in catalog.
- Pin and retaining spring in AISI-303 and 301 stainless steel.
- Especially indicated in maneuvers where the angle of rotation of the lever is limited for reasons of space.
- The slightly arched shape of the handle, with a thickened ergonomic end, offers a comfortable and secure grip to the operator's hand while the thumb finds a natural rest on the button.
