

Handrail support for glass SA-423 (BF R)

Material: Machined stainless steel.

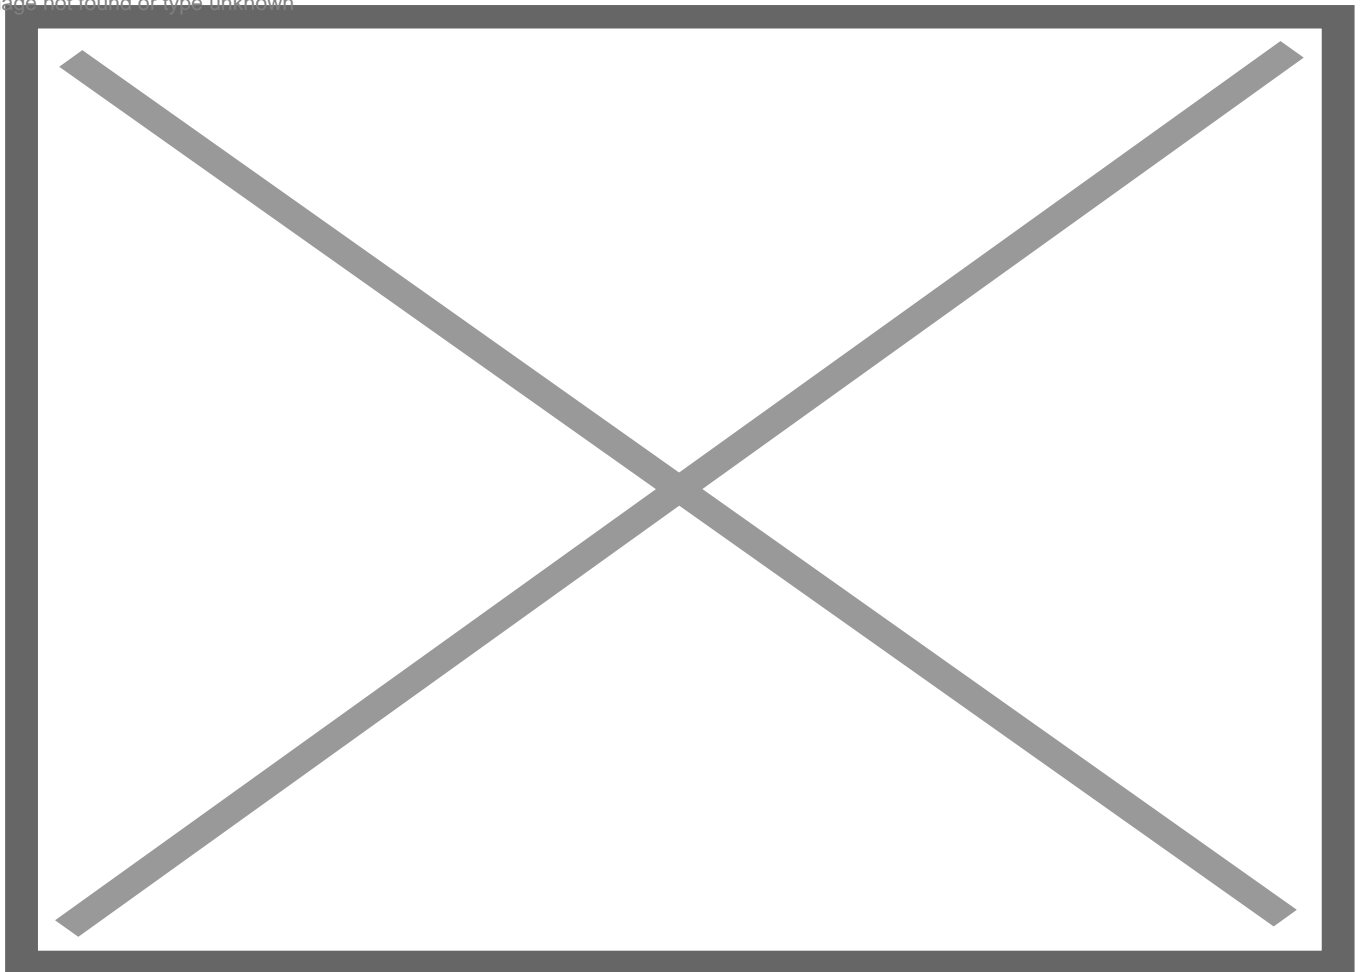

Quality: AISI 316.

Finish: Gloss (see satin finish).

Description: Support for mounting glass handrails. The support is composed of an axis for installation for fixing on a glass through a drilling, a decorative cover that covers the base to hide the drill, an arm with an elegant design in shiny polished stainless steel and a rod that can be adjusted in height to be able to position the handrail with a bracket at the top, for easy attachment to the tube using stainless rivets or self-tapping screws.

The bracket is appropriate for round tubulars.
